

Renaut van der Riet

Renaut founded Mosaic Church in Winter Garden, Florida in 2002 with the goal of meeting the spiritual and tangible needs of the local and global community. Since their church launched a foster and adoption ministry, their church has served over 300 foster children, had 200 children adopted, and recruited 150 foster and adoptive families sharing the love of Christ to hundreds of vulnerable children in their community. Pastor Renaut and his wife, Brooke adopted four of their eight kids from Axum, Ethiopia. Their adoption journey inspired them to found Axum Coffee Company, a growing chain of coffee shops and restaurants whose goal is to fund justice and mercy initiatives, as well as Love Made Visible, a nonprofit organization that equips families, individuals, churches, and agencies to care for orphans and vulnerable children across the United States and worldwide. Most recently, he is developing The ReStory, a website aimed at providing gospel clarity to followers of Christ by extending them an invitation to tumble headfirst with him into the wonder of the freedom for which Christ has set them free.
